

Bespoke African Craftsmanship for Contemporary Spaces

DESIGNED BY CULTURE ↓

ABOUT ETNI'KS

Where craftsmanship meets contemporary design

Contemporary design shaped through African craftsmanship. Etни'KS works with artisans to develop pieces for interiors through basketry, weaving, textiles, lighting, furniture and ceramic craft.

Traditional techniques are explored through contemporary form, colour, proportion and function.

Ghana

Basketry · loom
weaving

Morocco

Pottery · wool · leather

Nigeria

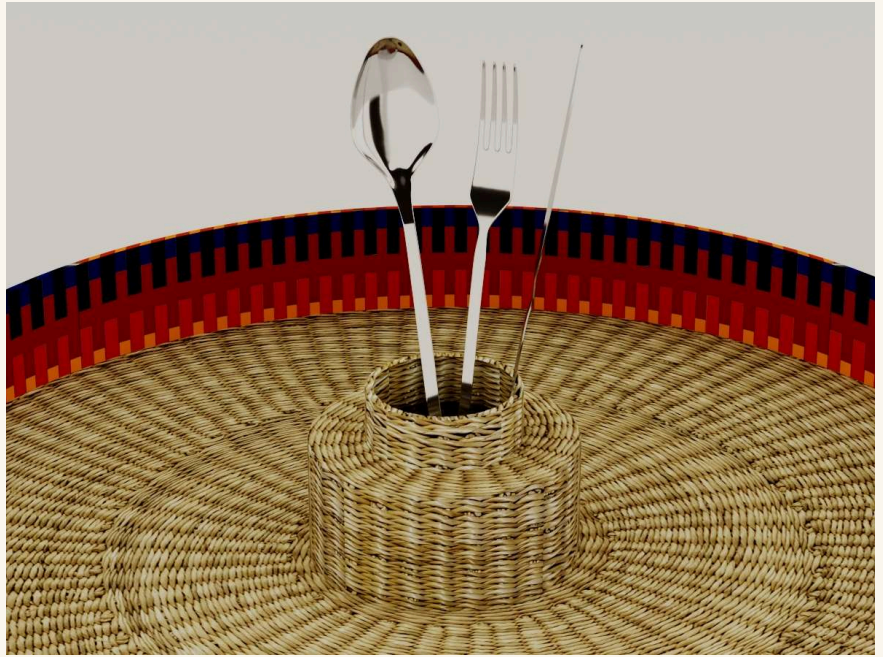

Batik · indigo · Aso
Oke

Ivory Coast

Wax print textiles

From traditional techniques to contemporary pieces

01

Basketry & weaving

Furniture, lighting, screens, wall pieces and sculptural forms.

02

Hand-woven textiles

Fabrics, cushions, throws, curtains, upholstery and decorative panels.

03

Batik & hand-dyed textiles

Custom colours, patterns and applications developed around the brief.

04

Lighting

Pendants, clusters, lamps, lanterns and statement installations.

BASKETRY

Beyond the basket

In Bolgatanga, Ghana, elephant grass is split, twisted, dyed and woven by hand. Etni'KS explores the technique beyond conventional baskets—into furniture, lighting, screens, wall pieces and sculptural forms.

BESPOKE DEVELOPMENT

DIMENSIONS · SHAPE · COLOUR · PATTERN · APPLICATION

CASE STUDY • AMIRA TABLE

From technique to design

LIGHTING

Weaving light

Woven elements can be developed as pendants, clusters, lamps, lanterns and sculptural installations. Dimensions, colours, suspension heights and configurations can be explored around the architecture of a project.

SCALE · CONFIGURATION · COLOUR · STRUCTURE

TEXTILES

Colour, weave & pattern

Hand weaving, batik, tie & dye, indigo and Aso Oke can be developed for cushions, upholstery, curtains, throws, table textiles and decorative panels.

BESPOKE DEVELOPMENT — COLOUR · PATTERN · DIMENSIONS · MATERIAL · APPLICATION

From brief to piece

-
- | | | |
|----|--------------------|---|
| 01 | Brief | Share your concept, drawings, dimensions, quantities, references and requirements. |
| 02 | Development | Explore materials, techniques, colours, forms and construction with our artisan partners. |
| 03 | Prototype | Develop a sample or first piece for review and approval. |
| 04 | Production | Coordinate artisan production and quality control. |
-

For projects that need something different

Interior design

Bespoke pieces developed around a project's concept, palette and dimensions.

Hospitality

Hotels · Restaurants · Resorts · Spas

Residential

Private residences · Villas · Developments

Commercial & retail

Feature pieces, installations and distinctive craft elements.

Whether you need one statement piece or a collection developed across a project, Etni'KS can work from your concept, drawings, references or specifications.

CRAFT & ARTISANS

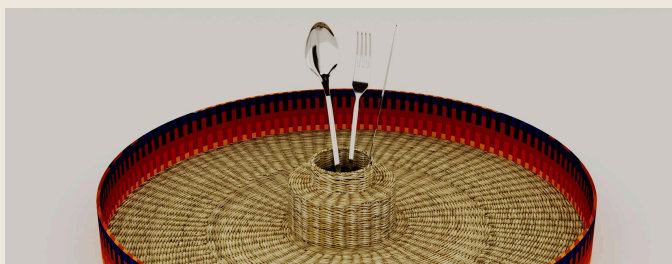

Craftsmanship with purpose

Etni'KS works with artisans and small workshops across Africa, building relationships around skilled craftsmanship and collaboration.

The focus is practical: respect for specialist knowledge, considered development and the care required to translate a design into a well-made object.

SELECTED WORK

From idea to object

Amira Table

Elephant-grass basketry & metal · Ghana

Woven Leaf Forms

Basketry weaving · Ghana

Osun Textiles

Hand-drawn batik · Nigeria

START A PROJECT

Have a project in mind?

Whether you have a finished design, a rough sketch, a moodboard or simply an idea, let's explore how African craftsmanship can become part of your project.
